## Trish Halverson

I am a multi-disciplinary artist with a Bachelor of Fine Arts from the School of the Museum of Fine Arts, Boston, and Tufts University. I am also Montessori trained by the Princeton Center for Teacher Education. My teaching and mentoring philosophy and practices are a balanced blend of these experiences. I recognize that all individuals learn in a myriad of ways and that as an artist/educator it is my ultimate goal to locate the door to my students’ minds, creativity, and confidence. My classroom experience is grounded in team-teaching, and I thrive and do my best when collaborating with others.

**I offer arts instruction and integration with lessons in drawing, painting, sculpture, and papermaking that have strong links to academic curriculum & Sunshine State Standards, as well as character development, language skills, and self-awareness.**
